TUITION AND EDUCATION FEES - AT A GLANCE

Grace Lutheran School exists to *Bring in, Build up, and Send Out Disciples for Christ*. We accomplish this through providing an exceptional Christ-centered education. The average cost to educate one student at Grace is roughly \$6,500. This is a significant investment for families. Grace Lutheran Church operates Grace Lutheran School and strongly believes in the importance of Christian Education – making a scholarship available to every student who enrolls. The following table highlights the amount each family pays if they elect to accept the full scholarship amount.

Tuition Assistance

In addition to this generous scholarship which covers between 45% and 100% of the cost to educate each student, additional Tuition Assistance is available to **ALL** families with students in Kindergarten through 8th Grade based on individual family need. **The goal is to make a Christ-centered education accessible to every family who desires it for their children.** Please connect with the Principal for more information about the tuition assistance process.

Tuition Payments

We use Procure to process all of our tuition payments. Each family is asked to set up an account in Procure and make payments through that interface or directly through the school office. Tuition payments can either be made in one lump sum at the beginning of the year (10% Discount Applied), or through 10 monthly payments. If there is a special circumstance that requires an alternative payment plan (ie. pay with tax return) that you would like the Board of Education to consider, please complete the “Alternate Tuition Payment Request” located in the school office.

*There are some additional fees including a \$100/Family Registration Fee that are not included in Tuition. We look forward to partnering with you this year for your child’s education. If you have any tuition related questions, please contact the school office: 269.429.4951 or school@gracestjoseph.org.
