Policy of Non-discrimination

Grace Lutheran Preschool, Elementary, and Middle School admits students of any race, color, national, or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national or ethnic origin in administration of its educational policies, admissions policies, and other school administered programs.

Internet Policy Agreement

Grace Lutheran School is pleased to offer student access to the internet and other web-based tools (i.e. Google Apps). Families should be aware that some material accessible via the internet might contain some items that could be potentially harmful. While it is Grace's intent to make internet available in order to further educational goals and objectives, students may find ways to access other materials as well. Even though Grace attempts to monitor student's internet access through monitoring programs and teacher supervision, those methods will not guarantee compliance with the Grace Internet Policy. Grace believes that the benefits of student access to the internet exceed the disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Teachers at Grace will guide students to Christian standards in internet usage. Parents and guardians may use the option of requesting their children do alternative activities not requiring internet use.

As the parent/guardian of these students, I have read the information above, and give consent for my child(ren)'s access to the internet as follows:

_____ Access I give consent for my child to have access to the Internet and/or web-based tools as defined and supervised by the teacher and Internet Policy.

_____ No Access I do not want my child to use the Internet and/or web-based tools for educational purposes.

Further, in consenting to Internet and web-based tools access for my child(ren), I understand that my child(ren)'s access to the Internet is designed for educational purposes. I also recognize it is impossible for Grace to restrict access to all controversial materials and will not hold Grace Lutheran School or any teachers responsible for materials viewed, accessed or acquired by my child on the Internet. I am aware that web-based tools are operated by a third party and am giving permission for my child to have access to the educational resources provided.

I certify that information on this form has been read by myself and my child.
